PROFESSIONAL SUMMARY

Laravel Backend Developer with 3+ years of hands-on experience in PHP and Laravel, backed by 7+ years of overall IT experience. Skilled in developing REST APIs, optimizing databases, and developing scalable healthcare applications, including Clinical Research, Assessment, and Survey Platforms. Experienced in requirement analysis, client communication, production support, and delivering clean, maintainable software solutions.

TECHNICAL SKILLS

BACKEND

PHP, Laravel, Lumen

DATABASE

MySQL, PostgreSQL, DynamoDB

FRONTEND

HTML5, CSS3, JavaScript, jQuery, Bootstrap, AJAX

TOOLS & TECHNOLOGIES

Git, Apache, Postman, Swagger (OpenAPI), Stripe, n8n

SOFT SKILLS

• Problem Solving • Team Collaboration • Client Communication • Analytical Thinking

WORK EXPERIENCE

Laravel Developer | NeoSoft Services

June 2023 – Present

- Application Development:** Developed Laravel/Lumen web applications, REST APIs, and backend modules for healthcare and enterprise solutions.
- Database & API Integrations:** Optimized MySQL and DynamoDB databases and integrated OTP, payment gateways, AI automation, and third-party APIs.
- Development Practices:** Utilized Git, Swagger (OpenAPI), and PSR coding standards to deliver clean, maintainable, production-ready code.
- Collaboration:** Worked with frontend, mobile, QA, and business teams to deliver scalable software solutions.

MES Technical Consultant | Rein Solutions

Feb 2019 – March 2023

- Requirement Coordination:** Attended client meetings, understood business requirements, and communicated them clearly to development teams.
- Manual Testing:** Tested MES application workflows through the user interface, documented issues, and reported defects to developers for resolution.
- Project Coordination:** Supported project planning, progress tracking, meeting scheduling, scope discussions, and project completion reporting.
- Production Support:** Provided shop-floor application support across rotational shifts, monitored system and server availability, and reported operational issues.
- System Configuration:** Configured new vehicle models in the existing MES application based on approved business requirements.

KEY PROJECTS

UAE Corporate Tax SaaS Platform

Laravel 12 | Alpine.js | n8n | Stripe

Developed a SaaS-based UAE Corporate Tax platform with multi-step tax workflows, dynamic calculations, **Stripe** subscription management, and **n8n**-powered AI IFRS report automation.

Doctor Assessment & Learning Portal

Laravel 7 | PHP | MySQL

Built a Learning Management System (LMS) with admin-managed course modules, study materials, JSON-based assessments, progressive module unlocking, automated scoring, and doctor progress tracking.

Clinical Research Platform

Laravel 8 | OTP | MySQL

Developed a Clinical Research platform with dynamic Case Report Forms (CRFs), OTP authentication, Save as Draft, complex medical questionnaires, patient-wise data capture, and exportable reports.

Doctor Survey System

Laravel 11 | REST APIs | PostgreSQL

Developed a JSON-driven doctor survey platform supporting dynamic questionnaires, timers, doctor-wise survey assignment, agreement workflow, response tracking, and data exports.

REVOO Admin Portal

Laravel 12 | REST APIs | PostgreSQL

Developed and maintained backend admin APIs for a business listing platform, implementing user management, business approval workflows, and REST API integrations while collaborating with React, NestJS, Python, and Flutter teams.

EDUCATION

Bachelor of Engineering (Electronics & Telecommunication), N. K. Orchid College of Engineering & Technology

2017

Diploma in Electronics & Telecommunication Engineering, S.P.M. Polytechnic

2014
